Mr. Plumb in the Library

Rochester's Mysterious Philanthropist

Driving through Rochester's town center, there's one name you can't avoid seeing — that of Joseph H. Plumb. While curving around Route 105, you'll pass the Plumb Corner Mall which features the Plumb Corner Market, directly across from the Town Hall and First Congregational Church. Further on, the quaint single-level Joseph H. Plumb Memorial Library is nestled between a small bank of trees.

Like many of the tri-town namesakes, however, few residents know much about the person behind the legacy. Their names are as common as that of the local elementary school, park, civic hall, or baseball field — but they, themselves, remain a mystery.

But unlike most, Joseph H. Plumb's most notable contribution to the town speaks volumes — *literally*.

In August of 1976, the Joseph H. Plumb Memorial Library was dedicated and donated to the town by Mr. Plumb's widow, Dorothy B. Plumb. The town library was previously housed in a section of the existing Town Hall, in the space now used by the Board of Assessors. Having passed away in 1970, Mr. Plumb was unable to realize his own dream of providing separate and expanded library facilities for the Town of Rochester.

Ms. Plumb, therefore, took it upon herself to design the building with assistance from engineer Brant Harworth and local builder Robert Sherman before her own death in 1977. As an avid reader — it was said he read up to 50 books a month — and published author, Mr. Plumb would have found his wife's Cape Cod-style building a fitting tribute.

As both Joseph Plumb and his wife "Dottie" remained very private individuals, not a great deal is known about their personal life. But Rochester resident Arthur Lionberger was fortunate enough to be acquainted with the couple, and recently shared some of his memories in an edition of the Plumb Memorial Library newsletter:

"Following their marriage, Dottie and Joe retreated to the privacy of a home on Mendell Road, and here Joe amassed a private library, wrote books, and became an owner and collector of expensive foreign cars. Although I did not get to know him well, I tried to persuade Joe to join the (Rochester Men's) Brotherhood. I thought he would enjoy taking part in our projects and making friends with about thirty older men, nearly all of whom lived in Rochester and came from all walks of life. Joe, however, was a very private person and chose to

remain so."

On the contribution of the library to the Town of Rochester, Mr. Lionberger added:

"That the town needed a good library had long been evident. Not only did the building which Dottie gave it blend with the center's architecture, but, substantial and adequate in every way, the Joseph H. Plumb Memorial Library has come to be praised by young and old, both for the reading and the excellence of the service it provides."

And just as the shelves of books serve to remind residents of Mr. Plumb's favorite pastime, another intriguing donation from Ms. Plumb reminds them of the man himself.

Standing in one corner of the library reading area is Mr. Plumb's favorite hand-carved wooden rocking chair, just under a portrait of him seated in the very same chair. First-time visitors to the library cannot help but be captivated by the huge, cozy oak chair which reportedly came from Vermont and was formerly owned by a Canadian Prime Minister. Now, the favorite reading spot of an avid scholar, author, historian, and entrepreneur is available for all the enjoy.

"It's a great chair," said Librarian Lucy Van Petten. "Most people come in and immediately have to try it out."

Along the same wall is another portrait which seems appropriate to the legend of Joseph H. Plumb. The portrait depicts a smiling Mr. Plumb seated behind the wheel of a Mercedes sports car — another one of his passions. And like the surrounding tomes and eager students who scurry in and out of the building, it will serve to keep the spirit of Joseph H. Plumb alive for years to come.

On the cover: Rochester's library namesake Joseph H. Plumb is shown seated in his favorite, hand-carved oak rocking chair. The late Mr. Plumb was an avid reader and his wife, Dorothy, donated the chair to the library upon its dedication in 1976. (Portrait courtesy Joseph H. Plumb Memorial Library.)

Mattapoisett Selectmen's Meeting

March 7, 1995

By Jennifer Ferreira

A meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, March 7 at 7:30 pm by Chairman John N. DeCosta, Jr. Also present were Selectman Daniel O. Mahoney, Selectman Paul E. Lambalot, and Executive Secretary Carol J. Adams.

After the approval of the minutes and signing of the warrant, licences, permits and correspondence for the week, Evelyn Pursley submitted her resignation as President of the Council on Aging (COA), effective April 28, 1995.

Her letter of resignation to the Board of Selectmen stated: "My term as representative for Mattapoisett to the Coastline Elderly Services Board of Directors expires on June 30, 1995. A representative should be appointed by the Council on Aging to commence the new term beginning July 1, 1995. My sincere thanks to you for the opportunity I have had to serve the senior community. I shall continue to serve senior and community interests in other positions."

Chairman DeCosta thanked her for her years of service to the town. "You have given a great service to the seniors," he said, "and it was greatly

Mattapoisett School Committee and Town Moderator. Eleanor Lewis seeks consideration for reappointment. Any additional applications must be received by Friday, March 17 at 3:00 pm in the Selectmen's Office.

Incoming Correspondence for the week included:

- Letter from Bernard E. McCourt, District Highway Director from the Massachusetts Highway Department, regarding modification of existing drainage along Route 6. The letter stated that in order to change the scope of the work of the project, particularly the modifying of drainage outlets, it will require the proper filing of environmental documents.

This will not be feasible under said contract, because it will hinder the construction schedule of the project. Therefore, based on the above, the district will not be able to incorporate any additional work in the upcoming resurfacing project.

- Invitation from Tobey Hospital to attend an Open House on Thursday, March 9, from 2:00 to 7:00 pm to tour their new physical therapy and rehabilitation services outpatient center.

The purpose of this structure is to house a waste tank to be used in removal of gasoline. This structure will be a restricted area and will be marked to alert the public to stay away. Fire Chief Scott said he would like to put the structure at the end of the black top drive next to the removed tank area.

There being no further matters to consider, the board voted to adjourn for the evening at 7:30 pm.

Selectmen was called to order on Tuesday, March 7 at 7:00 pm by Chairman Loretta B. Schaefer. Also present were Selectman Albert E. Winters, Selectman Jonathan "Jody" E. Dickerson, Executive Secretary Ray E. Pickles, and Secretary Helene Craver.

After approving the minutes of the February 28 meeting and signing the treasury warrant for the week, the board unanimously voted to approve the revised Rules and Regulations for Connection to the Town's Sewer Force Main System. Mr. Pickles noted that they are awaiting an indemnification form which will be signed and included with the revised regulations.

Under incoming correspondence for the week, the board received an update on the Indian Cove postcard survey of residents regarding the pending choice of either Continental Cablevision service or a Primestar satellite television system. To date, 21 out of 31 residents had responded to the survey, and Continental Cablevision service was preferred 2 to 1.

Selectman Winters asked that the residents be invited to attend next week's meeting so that they might proceed with making a final decision on this matter. The board agreed to send a written notice to all the residents — along with any other interested parties — to attend a hearing at 7:30 pm next week

man Schaefer explained that last June the residents submitted a petition to the Selectmen to run a sewer line down Stoney Run and Edgewater Lanes. The petition was signed by more than the required 50 percent of residents, and Ms. Schaefer wanted to make sure that everything was proceeding as expected.

"We are going into Town Meeting next month," she said, "and I wanted to make sure that everything was clear before we ask to borrow the money for the project."

Chairman Schaefer also stressed that as of March 31, 1995, Title V requirements are becoming much more stringent, and will mandate that all homeowners meet the next Title V requirements before the property can be sold.

The SITEC Civil and Environmental Engineering Firm of New Bedford submitted an estimate of the proposed project in the amount of \$300,000. The Town of Marion also calculated its own budgetary costs for the proposed project,

totalling \$491,000. Chairman Schaefer noted that when they approach Town Meeting voters for the money, the final figure should fall somewhere between those two figures.

"The actual cost will be based on the bids we solicit for the project," she said. "The town will then seek RFP's (Requests For Proposals) for the engineering work, which will include on-site survey, design, permitting, Conservation Commission approvals, and preparation of bid documents.

"I just want to make sure that you are all satisfied with the project. This is not something the town is forcing on you ... you came to us to request this betterment project."

Mr. Pickles also estimated the costs to each home owner, based on a total cost of \$350,000 and a total cost of \$500,000. At a bond rate of 6.25 percent,

to be paid back over a 20-year period by 31 participating residents, the cost to each home owner would be \$909.78 per year (\$350,000) or \$1,332.46 (\$500,000).

"We also wanted to let you know that the project needs to go out to bid," Chairman Schaefer said. "We will not automatically go to Camp, Dresser and McKee for the engineering. It will also require a 2/3 vote of Town Meeting to pass, as it is a bond issue. The betterment will be charged on your tax bills beginning in 1997."

Ms. Schaefer also advised the residents that the project will probably take about one year to finish, placing the completion date somewhere around July 1, 1996. With that, the board agreed to draw up the article requesting to borrow the money for the project for placement on the Town Meeting warrant.

There being no further matters to discuss, the board voted to adjourn for the evening at 8:17 pm.

Rochester Selectmen's Meeting

March 6, 1995

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, March 6 at 7:00 pm by Chairman David L. Hughes. Also present were Selectman Lorraine Roy Hawkes, Selectman Michael Murphy, and Administrative Secretary Shirley Ferreira.

Before beginning, Chairman Hughes asked for a moment of silence in memory of Joseph Ferreira, a longtime town resident and volunteer firefighter who passed away over the weekend.

After approving the minutes of the February 27 meeting, with Selectman Murphy abstaining, Chairman Hughes reviewed incoming correspondence for the week, beginning with a letter of resignation from Kathleen Massey, who left her position as Assistant Dog Officer with the town effective February 27. Ms. Massey cited other obligations as the reason for her resignation. Chairman Hughes asked that a letter of appreciation be sent to Ms. Massey accepting her resignation with regret and thanking her for her past service to the town.

Dennis Luttrell, the Executive Director of the Buzzards Bay Action Committee (BBAC), next sent a request to the board to oppose a proposal to have local municipalities assume funding for the BBAC. According to Mr. Luttrell, this would jeopardize the organization's chances of qualifying for grants for local projects. Selectman Hawkes moved that letters be sent to Steve Smith at the Southeastern Regional Planning and Economic Development District (SRPEDD) and other proponents of this change, asking that the BBAC be allowed to function status quo. The motion was approved via unanimous vote.

SEMASS next sent notification of an increase in

Under notices for the week, Chairman Hughes cited two Board of Appeals hearings which will be held on Thursday, March 23 — one at 8:00 pm on the request of John McGrath/Jeanette Matthews of Marion Road for a special business permit and a variance from setback requirements, and another at 8:30 pm upon the request of Mark Wellington for a variance from setback requirements.

The board next signed and approved the payment

of various Fire Department bills totalling \$2736.67; an invoice from the Stanley Oil Company, Inc. in the amount of \$4,756 to fill up the Dexter Lane gasoline tank; and an invoice from Kopelman and Paige, P.C. in the amount of \$770 for legal services rendered to the Board of Health.

Under Old Business, Selectman Hawkes stated that if the Council on Aging had enough money in their budget, she had no objections to their hiring a part-time OUTREACH worker. The COA's request was thereby carried via unanimous vote.

Selectman Murphy noted that the bucket truck which was donated to Mattapoisett, Marion and Rochester from Com/Electric had been presented to them last week, and Rochester will insure the vehicle and add the other two towns to the policy. He also moved that the towns send a plaque to Com/Electric, thanking them for the generous donation. The motion was carried via unanimous vote.

Chairman Hughes stated that he met with members of the Communications and Fire Departments last Thursday, and they've decided to solicit three different bids to complete the construction at the Communication Center. The first bid will be to complete the carpentry and construction work, the second bid will be for painting and finishing, and the final bid will be for the construction of a handicap access ramp.

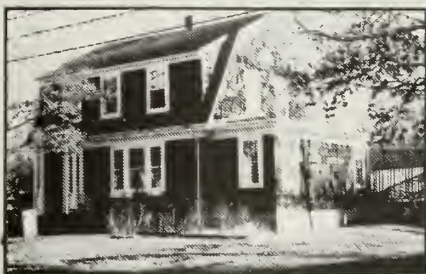

Chairman Hughes also noted that the board

received Fire Chief Joseph "Duffy" Clapp's Oil Burner Inspector card, and he's also turned in the Fire Chief's vehicle and related equipment. "I just want to say that doesn't constitute his resignation," Chairman Hughes said. "If he is officially resigning, he needs to send us a letter ... otherwise he is still responsible for the Fire Department until April 30."

Selectman Hawkes moved that a letter be sent to Chief Clapp, informing him of this fact and asking him to submit a letter of resignation if that is his intention. The motion was carried via unanimous vote.

Under New Business, the board received notification from Police Chief Walter V. Denham that the department has received First Choice bullet-proof and stab-proof vests for use by the officers. Chief Denham noted that these vests provide added protection for the officers on duty, and are a valuable asset to police work.

Dog Officer Tom Medeiros next requested that the board appoint Town Clerk Naida Parker as Assistant Dog Officer to fill out the term left vacant by Kathleen Massey. The board unanimously voted to appoint Naida Parker as Assistant Dog Officer, with a term to expire on April 30, 1995.

At 7:30 pm, the board opened an Earth Removal Permit Hearing upon a request from William Milka for property located off New Bedford Road. William Madden of GAF Engineering, Inc. was present on behalf of Mr. Milka, as were several abutters.

Mr. Madden noted that the proposed project would entail the removal of 152,000 cubic yards of soil from a 39-acre site to construct 5.6 acres of cranberry bog and a 1.4 acre reservoir. There would be two adjacent bogs constructed — a 3.6 acre one, and a 2 acre one. In addition,

Mr. Milka plans to live at the site, directly off New Bedford Road.

Chairman Hughes read a letter from Mr. and Ms. Letendre, who are direct abutters. They stated their concerns about the safety of any chemicals and pesticides which might be used to construct and maintain the bog, and also that the increased traffic might be hazardous to their children.

Another abutter, Joan Plaud, who was present for the hearing, said she thought it was "insane" to construct a cranberry bog along the Mattapoisett River Valley, which she felt was a vital resource for the area. She was also concerned about the use of chemical and pesticides, and the increased amount of traffic the project would generate.

But Georgia Chamberlain, a bog owner herself, noted that there are strict laws and regulations imposed by the Environmental Protection Agency (EPA) over the use of pesticides and chemicals in cranberry bogs. All chemicals need to be EPA-approved and applied by a certified professional.

Executive Secretary Ray Pickles of Marion expressed his concern over the developer digging below elevation 0, as any excavation that low might have a detrimental impact on the Town of Marion's nearby well sites. "We are forced to monitor the wetlands under our water withdrawal permit," Mr. Pickles said. "We'd also like to ask that the developer be required to monitor the wetlands."

Mr. Madden said he had no problem with making that a stipulation of the Earth Removal Permit. He also agreed to placing several other stipulations in the permit which would appease the concerns of several other abutters, among them:

- Complete all the construction work and earth removal within four years
- Haul material only between the hours of 7:00 am and 4:30 pm, Monday through Friday
- Pave a sixty-foot section of the access road
- Post "Trucks Entering" signs near the entrance/exit of the site
- Conduct water quality tests upon an abutter's

TAX DEADLINES DRAW NEARER

Important tax deadlines-1995 and tax records-What to keep and how long? Important tax filing deadlines are approaching. Cut and save this checklist of the most common filing requirements for business and individuals.

- *April 15-Individual income tax returns for calendar year 1994 are due unless you file for an automatic extension.
- *April 15-1994 Partnership information returns are due.
- *April 15-1994 annual gift tax returns are due.
- *April 15-This is the deadline for making a 1994 IRA contribution.
- *April 15-The first installment of the 1995 individual estimated tax is due.
- *June 15-The second installment of 1995 individual estimated tax is due.

If you can't file a tax return on time, you may request an extension from the IRS. The extension request must be filed by the return's due date. An extension gives you more time to file a return: it does not give you additional time to pay any taxes still owed without penalty and or interest. Contact the IRS or your accountant for assistance with any of your tax filing requirements.

You know you need to save some of your financial records for tax and other purposes, but which ones? And for how long?

You need to keep records throughout the year, so you can take advantage of all favorable tax rules in the first place (deductions, credits, deferrals, and so on). Then you have to store your records, so you can substantiate each item on your return if the IRS audits you later on. The more organized you keep your records, the less you pay for tax return preparation and the less traumatic an IRS audit will be.

How long should you keep your records? Generally the IRS can go back as far as three (3) years, but if your income is understated by 25% (percent) or more, the limit is six (6) years. To be safe, I suggest the following record retention guidelines:

PERMANENT: Tax returns, financial statements, contracts, corporate stock records, corporate minutes, and real estate records should be kept permanently.

SEVEN YEARS: Cancelled checks, bank deposit slips, bank statements, employment tax returns, expense reports, entertainment records, and inventory records should be kept at least seven (7) years.

SEVEN YEARS AFTER RELEVANT DATE: Home improvement records and investment records should be kept for at least seven (7) years after the ownership period of the home or investment. Businesses should keep employee records for seven (7) years after the period of employment.

Make a list of your documents and establish a written schedule for disposing of those records you need not keep permanently. If you have any questions about any records or record keeping requirements, contact us, tax accountants.

The information in this article is general in nature and should not be acted upon without advice from a tax professional to determine its applicability to your situation.

With that, the board agreed to continue the hearing to March 20 at 7:30 pm to allow time to draw up an Earth Removal Permit with the stipulations discussed. All abutters and interested parties were invited to attend the continuance to make further comment. There being no further matters to come before the board, they adjourned for the evening at 8:40 pm.

RECYCLE ANTIFREEZE/COOLANT

Cars and Trucks

- Cooling System is back-flushed, and scale and suspended matter are filtered out.
- Toxic dissolved metals are changed to oxidized, harmless solids and filtered out of the system.
- KLEEN KING additives adjust the pH to a safe range (between 9.8 and 10.5) and add the needed inhibitors.
- Freeze/overheat protection is adjusted (10-34°F freeze point, 265°F boiling point) by adding a small amount of new antifreeze.
- The result is recycled antifreeze that meets or exceeds ASTM Standard 3306 for antifreeze performance and protection.

All this is done in less than 30 minutes.

Center School Registration

Registration for all children entering Kindergarten and new children entering Grade One in September of 1995 will take place at Center School on Wednesday, March 22. Registration will take place 8:30 am - 12:00 noon and 1:00 - 3:00 pm in the Civil Defense Room at Center School. It is not necessary for your child to attend registration with you.

Any child born in the year 1990 is eligible for enrollment in Kindergarten. Any child born in the year 1989 is eligible for enrollment in Grade One. Parents should bring a birth certificate or a notarized memorandum of birth with them on registration day. A doctor's memorandum showing the following immunizations and a lead screening blood test is required for school entrance:

- DPT - five doses unless the fourth dose is given after the fourth birthday;
- Oral Sabin Polio Vaccine - four doses unless the third dose is given after the fourth birthday;
- Measles, Mumps, Rubella (MMR) - first dose given at 15 months of age; a second dose must be given prior to entering Kindergarten; and
- Lead Screening.

If the required immunizations or blood work for lead screening are incomplete for medical and/or religious reasons, a statement from a doctor or church official

REALTOR

LOOK CAREFULLY AT RESTRICTIONS

The law permits property owners to put in deeds to buyers reasonable restrictions on the use of the real estate being transferred. It might be looked upon as zoning on a very personal basis.

For example, a home in a commercially zoned area may have a restriction against use for any commercial purpose. This may be OK for the first buyer who plans to live in the house, but a lending institution may refuse to lend any money on it because commercial use may be the only reason for a new purchaser to buy it. They prefer to play it

safe and give funds for less questionable and risky situations.

From the point of view of the buyer, it is preferable that the agreement enumerate any and all restrictions. The point is this: If there ARE restrictions, bring them out in the open and get the advice of your Realtor or attorney before going any further. It's for your own protection.

Call Bob at Fisher & Rocha, Inc., 758-6738 or stop by our office at 17 Fairhaven Road, Mattapoisett. We're happy to help you!

stating the reasons for exemption should be presented at the time of registration.

We request that if you have an outstanding court order or decree regarding the legal custody of your child, that you furnish a copy of this at registration time. This is necessary in order to assist in the release of educational records and information, as well as the dismissal of children to the appropriate parent/adult.

Information about Kindergarten screening, which will be held during the first week of school in September, and an Orientation Meeting for Kindergarten parents will be available at registration. A separate vision and hearing screening will be held for all entering Kindergarteners on Thursday, April 6 from 8:30 am - 11:30 am and from 12:30 -

Exchange Concert at ORR

On the evening of March 17, the ORR High School Chorus will host a dual concert with the eighty-voice chorus of Weston High School, from Weston, CT. The visiting chorus is directed by Mr. Mahlon Peterson, a 1975 graduate of ORR. Weston is a community much like Mattapoisett, with a similar school population, located about 30 minutes outside New York City.

This chorus is a very polished, well-rehearsed group and some of the members have appeared on national television. They should be a treat to listen to and will perform alone and with the choral group from ORR. The concert begins at 7:00 pm and is FREE.

ORRJHS Curriculum Day Activities

The half-day Curriculum Day activities at Old Rochester Regional Junior High School this year have had a collaborative focus. Parents, community members, students, staff, and faculty have been working together to complete the school's self-evaluation in preparation for the October visit of a New England Association of Schools and Colleges (NEASC) visiting committee.

This Friday, March 10, members of the various NEASC Standards Committees will reconvene at 12:00 noon to continue their work on this critically-important project. Parents and community members interested in participating in any phase of this study should contact Dr.

St. Gabriel's Church

On Sunday, March 12, Holy Communion will be celebrated at 8:00 am in the Chapel of St. Gabriel's Episcopal Church in Marion. At 10:00 am in the church, the Morning Prayer service will commence with the chanting of the Great Litany in procession. Preceding the service at 9:45 am will be the Children's Chapel.

The Adult Education theme, again from "The Messiah," will be "Who is the King of Glory?" The class is immediately after the 10:00 am service.

On Monday, March 13, the Parish Planning Council will meet at 7:30 pm.

On Tuesday, March 14, the Women of St. Gabriel's will hold their regular luncheon at 12:00 noon. There will be a talk with slides and photos on the everyday manifestations of religion in several Far East countries by Joyce Kohout.

Bishop Shaw will be at Grace Church in New Bedford at 7:30 pm on Wednesday, March 15, speaking on "Living the Baptismal Covenant."

Everyone is reminded that there is a Holy Eucharist service at 12:15 on Lenten Wednesdays and, also, an "Inquirer's Class" at 4:00 pm.

Holy Communion will be celebrated at both the

Funeral Home. Bubba Jefferson was high boulevardier with 395. Sturtevant and Hook suffered a three-point loss at the hands of Bowlmor and John Hammond (379). A 354 by Walt Shepard was the best Sturtevant and Hook could muster. The Bowling Stones stayed home and allowed Hartley Sawmill to win all three points by forfeit. Dave Lizotteaced a 417 for the lumbermen to ensure victory.

On March 1, Sturtevant and Hook's Ted O'Leary used a 187 and a 429 to blast Hartley Sawmill into submission. Lou McKay had a 383 for the mill as they went down to a two-point loss. Al Pepin (382) was high for Boulevard Funeral Home as they won a goose egg from the Bowlmor Five and Del Haloway (423). Another goose egg was handed to the Bowling Stones by John Dubrowski (403) and Beaton Cranberry. Top stone was Dan Schroth Jr. with 329.

Auxiliary Officers Are Sworn In

Audrey Beaudoin of Mattapoisett was recently sworn in as Secretary of Flotilla 1N-605. As Secretary, she will be responsible for keeping detailed, permanent minutes of all business meetings.

Mike Koczera of Rochester was recently sworn in as Vessel Examinations Officer. As Vessel Examinations Officer, he will be responsible for the planning, scheduling, coordination, and administrative tasks associated with conducting Courtesy Marine Examinations. These safety examinations of pleasure boats are available at no charge.

The Coast Guard Auxiliary is the civilian component of the Coast Guard family. It was created by an Act of Congress more than 50 years ago. Members are highly-trained volunteers who donate their time and the use of their privately-owned boats and aircraft in an effort

French Exchange Students

Twenty-five English-speaking high school students are headed to the tri-town area (Marion, Mattapoisett, Rochester) this August to improve their understanding of our culture and language. They are traveling with INTRAX (International Travel and Exchange). Living with area families gives the students a chance to learn about American family life.

Families are needed to house and feed these 14-18 year olds from July 31 to August 23. While here the group will enjoy a number of activities already planned. Host families are encouraged to join the group on its excursions.

Local families benefit from the program. INTRAX offers travel opportunities to children of host families. Additionally, exchange students are often eager to offer their own homes to American host families traveling abroad. Families who welcome these French students into their homes learn about France and its culture firsthand. By hosting a student, families make local contacts and network cross-culturally as well.

Busy parents often find hosting a student helpful. Their own children spend valuable time with the exchange students, developing mutually rewarding friendships. Host children are also welcome to participate in all group activities: a bonus for working parents.

Local teens are encouraged to be involved. They are invited to join the group on excursions, practice their French skills, or simply spend time with the young visitors.

Specific activities planned for this year's group are two Boston excursions including visits to the Hard Rock Café, the John Hancock Tower, the Omni Theater in the Museum of Science, Quincy Market, and a Boston Harbor Cruise. Other activities are a Great Woods concert, Plimoth Plantation, beach trips, shopping and more.

The program is run this year by Carla Cafarella of

**We thought the
nursing home was
our only choice.**

Last year was not one of my mother's best. She was living in an apartment, not far from here. She couldn't get out much and needed some help to keep living on her own. We started looking at nursing homes. We didn't want to but we didn't know we had a choice.

Then we heard about the Friendly Harbor Adult Day Health Center.

They have all kinds of social activities for people like my mother - all important health care services too. The Day Health program is Medicaid approved and wheel-chair accessible. They pick my mother up every morning and drop her off in the afternoon.

My mother is still on her own now - living free and easy thanks to Adult Day Health Care. The staff and participants invite you to come and visit. They will arrange a free day and transportation if you need it. Just call them and ask for Jenifer or Jacqueline.

Woman's Club Scholarships

The 1995 Mattapoisett Woman's Club \$1,000 Scholarships are available to seniors at Old Rochester Regional High School, Old Colony Regional Vocational Technical High School, Tabor Academy, and Bishop Stang High School.

These will be available in the middle of March at the guidance departments of the aforementioned schools.

A total of four scholarships will be awarded, with three going to high schools and Tabor Academy and one to be awarded to a high school graduate who will be re-entering a post-secondary educational program after a significant period of interruption.

The re-entry applicant should contact Elizabeth F. Mercer, P.O. Box 653, Fairhaven, MA 02719, or call 999-4034. The scholarships will be awarded after evidence of a successful completion of the first semester.

of a Vision Statement, which reads as follows:

"As we approach the year 2000, advanced communication systems, with computers and their lifelines, have put the world at our fingertips. This communication revolution presents enormous challenges to teachers as they prepare students to live and work in the next century.

"It has become essential for students to be able to access, analyze, and communicate information effectively. They must develop the analytical and technological skills today to understand and solve the problems of tomorrow. Technological advances offers us tools to help them do so. It is imperative that we make use of them.

"Old Rochester Regional School District is now prepared to offer its students a learning environment that enables them to meet the many challenges of their future. We envision a school system committed to providing the technological and educational means that will best mold its students into lifelong learners and capable, confident problem-solvers.

"To achieve this goal, the community needs to act immediately and decisively to create a system that provides continuous access to and training for technological innovations. This system must be integrated throughout the curriculum.

This is a job for all of us, together. Let us begin the journey."

and chorus performing the selection "The Joy That Is Music," composed by Nancy Price and Don Besig and arranged by Mr. Dietzler.

A march composed by Mr. Dietzler will follow. The title, translated from the German, is "Great God With A Bright Song."

"Fantasy on American Sailing Songs" seems very fitting for this area, but was composed by an Ohio native, Clare Grundman. He is better known as an arranger for American High School bands. There are four parts — perhaps "What Shall We Do With A Drunken Sailor?" might be the most familiar.

The band will continue with "All Those Endearing Young Charms," with Frank Noonan, a member of the band, as soloist. He is a former member of the United States Drum and Bugles and is currently director of Swansea Musicians and the National Guard Band.

Another selection will be "Taunton," composed by Mr. Dietzler for the 1976 Bicentennial of the United States and dedicated to the citizens of Taunton. There will be three parts to "La Feria (Spanish Suite)" — "Los Toros (The Bulls)," "La Reja (Serenade)," and "La Zarguela," a sort of operetta with spoken dialogue and singing.

What would a band program be without a John Philip Sousa march? And a favorite is "The Invincible Eagle March." This was first heard in Philadelphia in 1901 and dedicated to the Pan-American Exposition in Buffalo, NY.

After an intermission, the chorus will return to the stage to sing "I Will Praise," "Jamaica Market Place," and "Camptown Races." Selections from "Man of La Mancha" will come next, including "Little Bird," "Dulcinea," "Man of La Mancha," and "The Impossible Dream."

When Nature's Elements Turn
Against You, Resist with...
Echinaforce®!

Echinacea and the Native American

To the American Sioux Indians, Echinacea was a plant of many wonders. They discovered and explored its remarkable properties, and used it for a great variety of purposes.

When the weather turns cold and wet, or we're not feeling well, we often turn to "little helpers" - a warm hat, a favorite pair of gloves, or a bowl of chicken soup. It's at these times you'll most appreciate having Echinaforce as a part of your family's stay-healthy diet regimen.
